

ORRO ENTERPRISE VOICE SERVICES

# Smarter Voice for Smarter Business

Slash your telephony costs, scale with ease,  
and modernise your communications with  
Orro's enterprise-grade voice services.

Securely Connected Everything™

# Break Free from the Old Telcos

Legacy voice services are slow, expensive and disconnected from today's agile business needs. Telco bills are hard to understand, harder to negotiate, and often overpriced for what you're getting..

Orro's Enterprise Voice Services give you back control with scalable, secure, and cost-effective voice solutions. As a certified Australian Carriage Service Provider, we operate our own carrier-grade infrastructure and connect to all the major networks—backed by responsive local support and cybersecurity expertise.

## Benefits at a Glance:

### > **Save up to 50% on telecom costs**

Benefit from aggressive pricing, transparent billing, and no more locked-in bundles. Only pay for what you need, with flexible usage-based plans.

### > **Scale with Your Business**

Whether you're growing fast, consolidating, or navigating seasonal peaks, our platform lets you add or remove lines without delay or expensive hardware upgrades.

### > **Built for Hybrid Work**

Enable secure voice access from anywhere, for any device. Perfect for remote teams, mobile staff, or multi-site operations.

### > **Unified Communication Tools**

Go beyond basic VoIP with integrations into Microsoft Teams, Webex Calling, Twilio, and more – plus options for cloud contact centres and AI-driven IVRs.

### > **Security at the Core**

Advanced fraud detection, encryption, and deep integration into your IT environment – backed by Orro's cybersecurity heritage.

### > **Enterprise-Grade Reliability**

99.999% uptime backed by auto-failover and geographic redundancy across Australian data centres.

### > **Real Support from Real Experts**

Our engineers are based in Australia and available when you need them—no offshore call queues or scripted support.

# Your Future-Ready Voice Platform

Orro helps you modernise voice across your organisation — whether you're replacing a legacy PBX, unifying communications across multiple sites, or looking to integrate intelligent IVR or cloud contact centre features.

## Flexible Options to Suit You:

- ✓ SIP trunking and direct routing
- ✓ Cloud-based phone systems
- ✓ Microsoft Teams and Webex integration
- ✓ AI-powered IVR and contact centre tools
- ✓ Real-time call analytics and reporting
- ✓ Public, private or data centre connection options

## Why Choose Orro?

We're more than a telco. Orro brings together the best of enterprise voice, network integration, and cybersecurity—so your communications are as resilient and scalable as your business.

### Aggressive Pricing

Save significantly on legacy telco rates

### Custom-Fit Solutions

Tailored for your specific environment and goals

### Expert Migration & Support

Smooth transitions, local engineering talent

### Security-Led

Designed to align with compliance and IT requirements

### 100% Australian-Based

Infrastructure, support and service delivery
